CAREER OBJECTIVE

BCA graduate looking to apply my development skills to real-world projects, build reliable web applications, and gain hands-on experience in software development.

EDUCATION

BCA – Govindammal Aditanar College for Women 2023–2026 | **CGPA: 8.19**

HSC – Elliott Tuxford Girls Higher Secondary School 2022–2023 | **85.6%**

EXPERIENCE

Full Stack Developer Intern – Tonyshive Company *May-jun 2025*

- Developed an **Employee Management System** to maintain employee records and related information.
- Implemented **CRUD functionality** to add, view, edit, and delete employee records.
- Worked on employee **personal, bank, and asset details** as part of the application.
- Added options to **export employee records to PDF and Excel**.

Technologies: HTML, CSS, JavaScript, PHP, MySQL

PROJECTS

Water Beacon – Smart RO Water Availability Monitoring System *Oct-2026*

- Developed a web-based platform that helps villagers check RO drinking water availability before visiting the station.
- Implemented machine status monitoring with **Available, Empty, and Repair** conditions.
- Developed a public dashboard to display current machine status and last updated information.
- Created an admin dashboard to manage machine availability and monitor status updates.
- Designed a responsive interface with **English and Tamil language support**.

Technologies: HTML, CSS, JavaScript, Python, Flask, TiDB Cloud

Leaf Disease Detection Using Canny Edge Algorithm *Jan-2026*

- Developed an image processing application that highlights potentially damaged regions in leaf images.
- Applied the **Canny Edge Detection algorithm** with Python and OpenCV to process crop leaf images.

Technologies: Python, OpenCV, Image Processing

TECHNICAL SKILLS

Languages: Python, JavaScript, SQL

Frontend: HTML5, CSS3, Responsive Web Design

Backend: Python, Flask

Databases: MySQL, TiDB Cloud

Developer Tools: Git, GitHub, Visual Studio Code, Vercel

Core Concepts: CRUD Operations, Version Control, Database Management, Cloud Database Integration

SOFT SKILLS

Teamwork, Quick Learning, Problem Solving, Time Management
